GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll or certified estimate of value and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submit the rates to the governing body by August 7 or as soon thereafter as practicable.

This worksheet is for **school districts with Chapter 313 agreements only**. School districts that do not have a Chapter 313 agreement should use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) should use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

All other taxing units should use Comptroller Form 50-856 *Tax Rate Calculation, Taxing Units Other Than School Districts*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The Texas Education Agency (TEA) provides detailed information on and guidance to school districts in calculating their tax rates. Please review and rely on information provided by TEA when completing this worksheet. Additionally, the information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The no-new-revenue (NNR) tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of revenue if applied to the same properties that are taxed in both years (no new taxes). When appraisal values increase, the NNR tax rate should decrease.

Chapter 313 agreements allow a school district to limit the value of certain qualified property subject to the agreement for the purposes of maintenance and operations (M&O) taxation. The value of the same property is not limited for the purposes of debt service, or interest and sinking (I&S) taxation. School districts that have entered into a Chapter 313 agreement must calculate the NNR tax rate for M&O and I&S purposes separately and then add together to determine the current year total NNR tax rate.
